

František Bartoš

PHD CANDIDATE IN PSYCHOLOGY, CFO OF JASP SERVICES

Amsterdam, Netherlands

f.bartos96@gmail.com | frantisek-bartos.info/ | [FBartos](#) | [franti%C5%A1ek-barto%C5%A1-50249b192/](#)

About

I am a Psychological Methods PhD candidate at the University of Amsterdam and cofounder & CFO of JASP Services. My goal is to improve statistical procedures and enable researchers to draw better inferences from data. I am interested in Bayesian statistics, meta-analyses, publication bias, and replicability. I also flipped some coins a couple of times.

Education

University of Amsterdam

Amsterdam, Netherlands

PHD CANDIDATE IN PSYCHOLOGY

2021 - Present

- Research focus on Bayesian hypothesis testing, Bayesian model-averaging, meta-analyses, and publication bias adjustment.
- Developing novel statistical methods for meta-analytic inference in the presence of publication bias.
- Creating open-source software packages and contributing to the development of JASP.

University of Amsterdam

Amsterdam, Netherlands

RESEARCH MASTER'S IN PSYCHOLOGY

2019 - 2021

- Thesis published as F Bartoš, F Aust, JM Haaf (2022). Informed Bayesian survival analysis. *BMC Medical Research Methodology*, 22(1), 1-22.
- Internship published as F Bartoš, M Maier, D Quintana, EJ Wagenmakers (2022). Adjusting for publication bias in JASP and R: Selection models, PET-PEESE, and robust Bayesian meta-analysis. *Advances in Methods and Practices in Psychological Science*, 5(3), 1-19.

Faculty of Arts, Charles University

Prague, Czech Republic

BACHELOR'S DEGREE IN PSYCHOLOGY

2016 - 2019

- Thesis Faktory asociovane s podvadnenim (Factors associated with dishonesty) partially published as: F Bartoš (2024). The untrustworthy evidence in dishonesty research. *Meta-Psychology*, 8, 1-7.

Experience

JASP Services

Amsterdam, Netherlands

CO-FOUNDER & CHIEF FINANCIAL OFFICER

2025 - Present

- Co-founded commercial entity to support JASP statistical software development and sustainability.
- Managing financial operations and business strategy.

Faculty of Social Sciences, Charles University

Prague, Czech Republic

RESEARCH SCIENTIST

2024 - 2025

- Development of publication bias adjustment methodology for meta-analyses in economics.

Institute of Computer Science, Czech Academy of Sciences

Prague, Czech Republic

PHD FELLOW

2022 - Present

- Collaborating on research focused on inter-rater reliability.
- Developing statistical methods for assessing agreement and reliability in behavioral coding.
- Contributing to methodological advances in psychometrics.

JASP Development Team

Amsterdam, Netherlands

RESEARCH ASSISTANT

2019 - 2021

- R developer for JASP Development Team.
- Implemented Learn Bayes and Mixed Effects modules.
- Developed publication bias correction methods for the Meta-Analysis module.

Center for Educational Measurement and Psychometrics, Charles University

Prague, Czech Republic

RESEARCH ASSISTANT

2018 - 2022

- Collaborated with the Institute of Computer Science on project 'Testing heterogeneity in inter-rater reliability'.
- Developed Bayesian methodology for assessing heterogeneity in inter-rater reliability.

Prague Laboratory for Experimental Social Sciences

Prague, Czech Republic

RESEARCH ASSISTANT

- Created ShinyApp for data visualization and interactive analysis.
- Analyzed data and collaborated on moral psychology research.
- Contributed to experimental design and statistical analysis of behavioral studies.

2017 - 2021

Faculty of Arts, Charles University

Prague, Czech Republic

RESEARCH ASSISTANT

- Cleaned, prepared, and analyzed data from the Vysočina Cohort study.
- Conducted systematic reviews and meta-analyses.
- Contributed to longitudinal research on developmental psychology.

2017 - 2020

Institute of Psychology, Czech Academy of Sciences

Prague, Czech Republic

RESEARCH ASSISTANT

- Developed a similarity measure for photographs using convolutional neural networks.
- Implemented Python code for grid computing and conducted data analysis in R.
- Created norms for a Czech lexical test through data cleaning and statistical analysis.

2017 - 2019

Publications

META-ANALYSIS & PUBLICATION BIAS METHODS

- 📄 **F Bartoš**, EJ Wagenmakers (2025). Meta-analysis with JASP, Part II: Bayesian approaches. *arXiv Preprint*.

Software

My research output includes the development of open-source R packages for statistical analysis. These packages enable scientific practitioners to apply the developed methodology in practice.

- [CRAN] **PublicationBiasBenchmark**: Benchmark for Publication Bias Correction Methods
- [CRAN] **RoBMA**: Robust Bayesian Meta-Analysis
- [CRAN] **zcurve**: Z-Curve 2.0: Estimating Replication Rates and Discovery Rates
- [CRAN] **BayesTools**: Tools for Bayesian Analyses
- [CRAN] **IRR2FPR**: Computing False Positive Rate from Inter-Rater Reliability
- [CRAN] **RoBSA**: Robust Bayesian Survival Analysis
- [CRAN] **RoBTT**: Robust Bayesian T-Test
 - ⌚ **Meta-Analysis (JASP)**: Meta-Analysis Module for JASP
 - ⌚ **Mixed Models (JASP)**: Survival Module for JASP
 - ⌚ **Survival (JASP)**: Mixed Models Module for JASP
 - ⌚ **Learn Bayes (JASP)**: Learn Bayes Module for JASP

Teaching

- 2022-2025 **Meta-Analysis**: Instructor/Course Coordinator; Graduate Course; University of Amsterdam
- 2021-2026 **Bayesian Inference for Psychology**: Assistant; Graduate Course; University of Amsterdam
- 2021-2022 **Good Research Practices**: Assistant; Graduate Course; University of Amsterdam
- 2019-2020 **Statistická analýza dat (Statistical analysis of data)**: Teaching Assistant; Graduate Course; Faculty of Arts, Charles University
- 2019-2020 **New Statistics and Other Actual Trends in Applied Data Analysis**: Teaching Assistant; Graduate Course; Faculty of Arts, Charles University
- 2018 **Introduction to Bayesian data analysis**: Lecturer; Guest Lecture; Faculty of Arts, Charles University
- 2018-2019 **Výzkumný seminář v experimentální sociální psychologii (Research Seminar in Experimental Social Psychology)**: Teaching Assistant; Undergraduate Course; Faculty of Arts, Charles University

Supervision

- 2024-2025 **Bachelor's Thesis**: A Stefanów, M Serry, O Piestrak, E Koskinen, W Brenner - When are Bayesians going to take over the world? Literature review of Bayesian statistics in psychological research; University of Amsterdam
- 2022-2023 **Bachelor's Thesis**: A Sahrani, D Klein Leunk, PY Gui, D Voss, K Ullah - How fair is a fair coin flip (published as Fair coins tend to land on the same side they started: Evidence from 350,757 flips); University of Amsterdam

Talks & Workshops

INVITED

- 2025 **Bayesian hypothesis testing: Concepts, benefits, and practical implementation**: Seminar in Advanced Research Methods; Department of Psychology, Princeton [recording]
- 2025 **Bayesian methods workshop**: Statistics & Methodology Platform; Swiss Clinical Trial Organisation (SCTO), Bern
- 2025 **Ig Nobel night**: Nemo, Amsterdam
- 2025 **Ig Nobel night**: EPFL, Lausanne
- 2024 **Analyzing data with JASP: A free, open-source, and user-friendly statistical software**: Methods for Evidence Synthesis Salon; University of Bristol; remote
- 2023 **Analyzing data with JASP: A free, open-source, and user-friendly statistical software**: Department of Statistics, Texas A&M College Station

- 2023 **Accounting for publication bias with robust Bayesian meta-analysis:** Statistical and Machine Learning Approaches for the Social Sciences; University of Washington; remote
- 2022 **Informed Bayesian (model-averaged) survival analysis:** International Society For Clinical Biostatistics: ČR; remote
- 2022 **Robust Bayesian meta-analysis:** University of Groningen; remote
- 2021 **Bayesian meta-analysis with JASP:** DE-PASS; remote

TALKS

- 2025 **Fast and efficient robust Bayesian meta-analysis with spike-and-slab priors:** International Meeting of Psychometric Society; Minneapolis
- 2025 **Fast and efficient robust Bayesian meta-analysis with spike-and-slab priors:** Society for Research Synthesis Methodology; Madison
- 2024 **Meta-analysis with JASP:** Society for Research Synthesis Methodology; Amsterdam
- 2024 **Bayesian model-averaged analysis of 350,757 coin flips:** Joint Statistical Meeting; Portland
- 2023 **Exploring open science practices in behavioural public policy research:** MAER-NET; Palma de Mallorca
- 2023 **Bayesian location-scale model for assessing reliability differences with ordinal ratings:** International Meeting of Psychometric Society; Baltimore
- 2023 **Robust Bayesian meta-regression: Publication bias adjusted moderator analysis:** MathPsych/ICCM/EMPG; Amsterdam
- 2023 **Adjusting for Risk of Bias in medical meta-analyses: A large-scale analysis of Cochrane Database of Systematic Reviews:** Society for Research Synthesis Methodology; Paris
- 2022 **Tutorial on robust Bayesian meta-analysis in JASP and R:** MAER-NET; Kyoto
- 2022 **Adjusting for publication bias with Bayesian model-averaging and the RoBMA R package:** ESMARConf; Online
- 2021 **No need to choose: Robust Bayesian meta-analysis:** MAER-NET; Piraeus
- 2021 **Extending RoBMA with PET-PEESE: Mitigating publication bias with Bayesian model averaging:** International Meeting of Psychometric Society; Online
- 2021 **No need to choose: Extending robust Bayesian meta-analysis by model-averaging across different publication selection models:** Quantitative Analysis of Publication Bias; Konstanz
- 2021 **Robust Bayesian meta-analysis: A framework for addressing publication bias with model-averaging:** Seminar in psychometrics; Prague
- 2019 **A minority deliberately cheats for one's own and other's benefit: An investigation of dishonesty using mouse tracking:** Prague Conference on Behavioral Sciences; Prague
- 2019 **Jak měřit podobnost fotografií pomocí neuronových sítí?:** Kognitivní škola; Malá Skála
- 2018 **Recognition of abilities in random noise: People are willing to pay for the illusion of success:** Prague Conference on Behavioral Sciences; Prague

WORKSHOPS

- 2025 **State-of-the-art meta-analysis using JASP:** Amsterdam

Funding, Awards & Scholarships

FUNDING

- 2024 **Valorisation Grant:** Enabling Meta-Analytic SEM via JASP; 9.955 EUR; together with S Jak and M Cheung; Social and Behavioural Data Science Centre, University of Amsterdam

AWARDS

- 2025 **Student Travel Award:** International Meeting of Psychometric Society
- 2024 **Ig Nobel Prize in Probability:** For Fair coins tend to land on the same side they started: Evidence from 350,757 flips; Ig Nobel Awards
- 2024 **OSCAwards for Transparency, Metascience, Preregistration, and Reproducibility:** For A 27-country test of communicating the scientific consensus on climate change, together with B Večkalov and SJ Geiger; Open Science Community Amsterdam
- 2023 **Pineapple Science Award: Mathematics Award:** For Fair coins tend to land on the same side they started: Evidence from 350,757 flips; Pineapple Science Awards

SCHOLARSHIPS

- 2022 **COST Action Virtual Mobility Grant:** For Performing (Bayesian) meta-analysis with JASP; COST Action CA19101
- 2022 **Doktorandská prémie ISCB ČR:** For Informed Bayesian (model averaged) survival analysis; International Society For Clinical Biostatistics: ČR
- 2019 **Student Scientific Scholarship:** For project Rozvoj metody z-curve pro odhadování důvěryhodnosti vědeckých studií (Development of z-curve for estimation of trustworthiness of research); Faculty of Arts, Charles University
- 2019 **Specific University Research Scholarship:** For project Porovnání metod pro odhad rozdílů ve shodách posuzovatelů (Comparison of methods for estimating differences in inter-rater reliability); Faculty of Arts, Charles University
- 2018 **Student Scientific Scholarship:** For project Můžeme důvěrovat výzkumům o podvádění? (Can we trust research on lying); Faculty of Arts, Charles University
- 2018 **Scholarship of Special Consideration:** For active participation at Society for Judgement and Decision making, New Orleans; Faculty of Arts, Charles University
- 2018 **Scholarship of Special Consideration:** For active participation at StanCon Helsinki; Faculty of Arts, Charles University
- 2017 **Merit Scholarship:** Faculty of Arts, Charles University
- 2016 **Merit Scholarship:** Faculty of Arts, Charles University

ORGANIZATION

- 2025 **Discovering Statistics using JASP:** Together with H Godmann, J van Doorn, and EJ Wagenmakers part of the organizing committee for the workshop. The hybrid workshop is scheduled to take place June 30, 2025.
- 2025 **State-of-the-Art Meta-Analysis using JASP:** Together with H Godmann and EJ Wagenmakers, part of the organizing committee for the workshop. The hybrid workshop is scheduled to take place July 1, 2025.
- 2025 **A Crash Course in Machine Learning with JASP:** Together with Henrik Godmann, D van den Bergh, K Derks, and EJ Wagenmakers, part of the organizing committee for the workshop. The hybrid workshop is scheduled to take place July 2, 2025.
- 2025 **11th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing:** Together with H Godmann, R Morey, and EJ Wagenmakers, part of the organizing committee for the two-day workshop. The hybrid workshop is scheduled to take place July 3-4, 2025.
- 2025 **Journal of Robustness Reports:** Together with A Sarafoglou, B Aczel, S Hoogeveen, C Chambers, and EJ Wagenmakers, founded the diamond open access Journal of Robustness Reports (<https://scipost.org/JRobustRep/about>). Fellow of the Editorial College for the Journal of Robustness Reports, 2025-present.
- 2024 **10th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing:** Together with H Godmann, R Morey, and EJ Wagenmakers part of the organizing committee for the two-day workshop. The hybrid workshop took place July 15-16, 2024, and attracted 47 participants.
- 2024 **12th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science:** Together with H Godmann, M Lee, and EJ Wagenmakers, part of the organizing committee for the one-week workshop. The workshop took place July 8-12, 2024, in Amsterdam, the Netherlands, and attracted 20 participants.
- 2023 **9th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing:** Together with F Aust, C Guazzone, Š Kucharský, J van Doorn, R Morey, and EJ Wagenmakers, part of the organizing committee for the two-day workshop. The hybrid workshop took place July 15-16, 2023, and attracted 55 participants.
- 2023 **11th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science:** Together with F Aust, C Guazzone, M Villarreal, L Montgomery, Š Kucharský, D van den Bergh, J van Doorn, M Lee, and EJ Wagenmakers, part of the organizing committee for the one-week workshop. The workshop took place July 10-14, 2023, in Amsterdam, the Netherlands, and attracted 37 participants.
- 2022 **8th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing:** Together with L Lengersdorff, F Aust, A Sarafoglou, J Petter, S Kucharský, A Stefan, D van den Bergh, R Morey, and Eric-Jan Wagenmakers, part of the organizing committee for the two-day workshop. The hybrid workshop took place August 29-30, 2022 and attracted 55 participants.
- 2022 **10th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science:** Together with L Lengersdorff, F Aust, A Sarafoglou, M Villarreal, L Montgomery, J Petter, Š Kucharský, A Stefan, J van Doorn, M Lee, and EJ Wagenmakers, part of the organizing committee for the one-week workshop. The workshop took place August 22-26, 2022, in Amsterdam, the Netherlands, and attracted 25 participants.
