

František Bartoš

POSTDOCTORAL RESEARCHER, CFO OF JASP SERVICES

Amsterdam, Netherlands

✉ f.bartos96@gmail.com | 🏠 frantisek-bartos.info/ | 📺 FBartos | 🌐 franti%C5%A1ek-barto%C5%A1-50249b192/

About

I am a postdoctoral researcher at the department of Psychological Methods at the University of Amsterdam and cofounder & CFO of JASP Services. My goal is to improve statistical procedures and enable researchers to draw better inferences from data. I am interested in Bayesian statistics, meta-analyses, publication bias, and replicability. I also flipped some coins a couple of times.

OrcID: 0000-0002-0018-5573, ResearcherID: ABD-1217-2021, Google Scholar: vAo-APsAAAAJ

Education

- 2021 - 2025 **PhD Candidate in Psychology:** University of Amsterdam
- 2019 - 2021 **Research Master's in Psychology:** University of Amsterdam
- 2016 - 2019 **Bachelor's Degree in Psychology:** Faculty of Arts, Charles University

Employment

- 2026 - Now **Postdoctoral Researcher:** Department of Psychological Methods, University of Amsterdam
- 2025 - Now **Co-founder & Chief Financial Officer:** JASP Services
- 2024 - Now **Research Scientist:** Faculty of Social Sciences, Charles University
- 2022 - Now **PhD Fellow:** Institute of Computer Science, Czech Academy of Sciences
- 2017 - 2022 **Research Assistant:** Institute of Psychology, Czech Academy of Sciences; Faculty of Arts, Charles University; Prague Laboratory for Experimental Social Sciences; Center for Educational Measurement and Psychometrics, Charles University; JASP Development Team, University of Amsterdam

Funding

- 2024 **Valorisation Grant:** Enabling Meta-Analytic SEM via JASP; 9.955 EUR; together with S Jak and M Cheung; Social and Behavioural Data Science Centre, University of Amsterdam

Supervision

- 2024-2025 **Bachelor's Thesis:** A Stefanów, M Serry, O Piestrak, E Koskinen, W Brenner - When are Bayesians going to take over the world? Literature review of Bayesian statistics in psychological research; University of Amsterdam
- 2022-2023 **Bachelor's Thesis:** A Sahrani, D Klein Leunk, PY Gui, D Voss, K Ullah - How fair is a fair coin flip (published as Fair coins tend to land on the same side they started: Evidence from 350,757 flips); University of Amsterdam

Teaching

- 2022-2026 **Meta-Analysis:** Instructor/Course Coordinator; Graduate Course; University of Amsterdam
- 2021-2026 **Bayesian Inference for Psychology:** Assistant; Graduate Course; University of Amsterdam
- 2021-2022 **Good Research Practices:** Assistant; Graduate Course; University of Amsterdam
- 2019-2020 **New Statistics and Other Actual Trends in Applied Data Analysis:** Teaching Assistant; Graduate Course; Faculty of Arts, Charles University
- 2019-2020 **Statistická analýza dat (Statistical analysis of data):** Teaching Assistant; Graduate Course; Faculty of Arts, Charles University
- 2018-2019 **Výzkumný seminář v experimentální sociální psychologii (Research Seminar in Experimental Social Psychology):** Teaching Assistant; Undergraduate Course; Faculty of Arts, Charles University
- 2018 **Introduction to Bayesian data analysis:** Lecturer; Guest Lecture; Faculty of Arts, Charles University

Peer Review

Advances in Methods and Practices in Psychological Science, Atherosclerosis, Behavior Research Methods, BMC Medical Research Methodology, Collabra, Current Medical Research and Opinion, Energy Economics, Health Psychology, International Review of Sport and Exercise Psychology, Meta-Psychology, Nature Human Behaviour, Personality & Social Psychology Bulletin, PloS One, Psychological Methods, Research Synthesis Methods, Statistics in Medicine, Psychological Bulletin and Review, Neurobiology of Aging, Resource and Energy Economics, The British Journal of Mathematical & Statistical Psychology, The British Journal of Social Psychology

Scientific Societies

Society for Research Synthesis Methodology, Psychometric Society, International Society For Clinical Biostatistics, International Society for Bayesian Analysis

Organization

- 2025 **Discovering Statistics using JASP**
- 2025 **State-of-the-Art Meta-Analysis using JASP**
- 2025 **A Crash Course in Machine Learning with JASP**
- 2025 **11th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing**
- 2025 **Journal of Robustness Reports**
- 2024 **10th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing**
- 2024 **12th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science**
- 2023 **9th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing**
- 2023 **11th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science**
- 2022 **8th Annual JASP Workshop: Theory and Practice of Bayesian Hypothesis Testing**
- 2022 **10th Annual JAGS and Stan Workshop: Bayesian Modeling for Cognitive Science**

Awards

- 2025 **Student Travel Award:** International Meeting of Psychometric Society
- 2024 **Ig Nobel Prize in Probability:** For Fair coins tend to land on the same side they started: Evidence from 350,757 flips; Ig Nobel Awards
- 2024 **OSCAwards for Transparency, Metascience, Preregistration, and Reproducibility:** For A 27-country test of communicating the scientific consensus on climate change, together with B Večkalov and SJ Geiger; Open Science Community Amsterdam
- 2023 **Pineapple Science Award: Mathematics Award:** For Fair coins tend to land on the same side they started: Evidence from 350,757 flips; Pineapple Science Awards
- 2022 **Travel Award:** International Society for Bayesian Analysis

Scholarships

- 2022 **Doktorandská prémie ISCB ČR:** For Informed Bayesian (model averaged) survival analysis; International Society For Clinical Biostatistics: ČR
- 2022 **COST Action Virtual Mobility Grant:** For Performing (Bayesian) meta-analysis with JASP; COST Action CA19101
- 2019 **Student Scientific Scholarship:** For project Rozvoj metody z-curve pro odhadování důvěryhodnosti vědeckých studií (Development of z-curve for estimation of trustworthiness of research); Faculty of Arts, Charles University
- 2019 **Specific University Research Scholarship:** For project Porovnání metod pro odhad rozdílů ve shodách posuzovatelů (Comparison of methods for estimating differences in inter-rater reliability); Faculty of Arts, Charles University
- 2018 **Scholarship of Special Consideration:** For active participation at Society for Judgement and Decision making, New Orleans; Faculty of Arts, Charles University
- 2018 **Scholarship of Special Consideration:** For active participation at StanCon Helsinki; Faculty of Arts, Charles University
- 2018 **Student Scientific Scholarship:** For project Můžeme důvěřovat výzkumům o podvádění? (Can we trust research on lying); Faculty of Arts, Charles University
- 2017 **Merit Scholarship:** Faculty of Arts, Charles University
- 2016 **Merit Scholarship:** Faculty of Arts, Charles University
